

REFERENCES DES INTERVENTIONS LORS DES ATELIERS DE RECHERCHE DU CEEP

19781 : European consortium on landscape economics - Consortium européen pour l'économie du paysage (CEEP).

- A - First Workshop - Angers, june 9-10, 2006. (manque)
- B - Second workshop - Montpellier, june 14, 15 and 16, 2007
- C - Third workshop on landscape economics. Versailles - May 29-30, 2008.
- D - First international conference on landscape economics. Papers. Vienna - July 2-4, 2009.

Second Workshop :

- LIFRAN (Robert), OUESLATI (Walid).- Quelle économie pour le paysage ? 16 p.
- TURPIN (Nadine), STAPLETON (Lee), GARROD (Guy), PERRET (Eric).- Assessing policy impacts on landscape multifunctionality in Auvergne, France.- 17 p.
- BORSOTTO (Patrizia), HENKE (Rpberto), MACRI (Maria Carmela), SALVIONI (Cristina).- Participation in landscape conservation schemes in Italy.- 11 p.
- CANDAU (J), GINELLI (L), MICHELIN (Y), MENADIER (L), RAPEY (H), DOBREMEZ (L), PERRET (E), VOLLET (D).- Mise en évidence d'éléments emblématiques paysagers d'un produit d'origine certifiée. Le fromage AOC Saint-Nectaire dans ses écrans paysagers.- 15 p.
- HUBER (Robert).- Bio-energy – a by-product of rural landscape maintenance ?- 15 p.
- HANLEY (Nick), COLOMBO (Sergio).- Including landscape values in a cost-benefit analysis of policy choices : paying for public goods in the severely disadvantaged areas of England.- 19 p.
- NAVRUD (Stale), READY (Richard C), MAGNUSSEN (Kristin), BERGLAND (Olvar).- Valuing the social benefits of avoiding landscape destruction from overhead power transmission lines. Do cables pass the benefit-cost test ?- 15 p.
- CHOUMERT (Johanna), SALANIE (Julien), OUESLATI (Walid).- The effects of spatial spillovers on the provision of urban green spaces.- 20 p.

Third workshop :

- VAN DER HEIDE (Martin), BLAEIJ (Arianne T de), HEIJMAN (Wim JM).- Economic aspects in landscape decision-making : a participatory planning tool based on a representative approach.- pp.18-36.
- ENENGEL (Barbara), MANN (Carsten), PENKER (Marianne), AZNAR (Olivier).- Describing and understanding landscape services in rural areas, a conceptual and analytic framework.- pp. 37-60.
- JIM (CY), CHEN (WY).- Ecosystem services and monetary values of urban forests in China.- pp. 61-80.
- MARANGON (Francesco), TEMPESTA (Tiziano).- The economic evaluation of the rural landscape in Italy.- pp. 81-111.
- TORQUATI (Biancamaria), GIACCHE (Giulia), VENANZI (Sonia).- Cost-benefit analysis of periurban agricultural park in the plain of the city of Assisi (Central Italy).- pp. 112-130.
- HUBER (Robert).- Agricultural provision costs in landscape maintenance.- pp. 131-145.
- FAHLBECK (Erik).- Collective non-governmental provision of landscape amenities in Sweden.- pp. 146-155.
- HAVLIK (Petr), BAMIÈRE (Laure), JACQUET (Florence), MILLET (Guy).- Spatially explicit farming system modelling for an efficient agri-environmental policy design.- pp. 156-175.
- LIFRAN (R), WESTERBERG (V).- Eliciting social preferences and trade-off in landscape projects using choice experiments : pilot study in the anciens Marais des Baux, Provence, France.- pp. 176-207.
- AMBLARD (L), DEPRES (C), ENENGEL (B), PENKER (M).- The organisation of minor rural road maintenance services in Austria and France. First lessons from new institutional economics.- pp. 208-230.

First international conference

- HEIJMAN (Wim), GOOSSEN (Martin).- Consumer preferences in landscape design.- pp. 9-18.
- WU (JunJie).- Environmental amenities land use policy and urban spatial structure.- pp. 19
- WALTERT (Fabian), SCHULZ (Thomas), SCHLÄPFER (Felix).- The role of landscape amenities in regional development : evidence from swiss municipality data.- pp. 20-31.
- McGRANAHAN (David A).- Landscape influence on recent rural migration in the US.- pp. 32.
- DISSART (JC), VOLLET (D), POULHES (O), MALLEBAY (M).- The landscape : a regional development factor that spurs territory-specific economic flows ?- pp. 33-34.
- NUPPENAU (Ernst-August).- Valuation of biodiversity in cultural landscapes : finding equilibrium prices of species as ecologists, farmers' and citizens' preferences.- pp. 35-46.
- OLSCHESKI (Roland), KLEIN (Alexandra-Maria), TSCHARNTKE (Teja).- Economic trade-offs between carbon sequestration, timber production, and crop pollination in tropical forested landscapes.- pp. 47-54.
- GUPTA (Vijaya), MYTHILI (G).- Estimating intangible benefits of improving water quality of Powai Lake in India : a contingent valuation approach.- pp. 55-62.
- HASUND (Knut Per).- Developing environmental policy indicators by criteria. Indicators of the public goods in the Swedish agricultural landscape.- pp. 63-74.
- HILAL (Mohamed), BROSSARD (Thierry), CAVAILHES (Jean), JOLY (Daniel), TOURNEUX (François P), WAVRESKY (Pierre).- Landscape metrics for determining landscapes prices.- pp. 75-86.
- BOUSSET (Jean-Paul), CHABAB (Nejma), BIGOT (Geneviève), JOSIEN (Etienne), PINTO CORREIA (Teresa), PERRET (Eric), MICHELIN (Yves), TURPIN (Nadine).- Do the agri-environmental policies alter sustainability of rural landscapes ?- pp. 87-98.
- TEMPESTA (Tiziano), MARANGON (Francesco).- Impact of urban buildings and high-voltage transmission lines on landscape aesthetics.- pp. 99-108.
- SOINI (Katriina), POUTA (Eija), SALMIOVIRTA (Maija), UUSITALO (Marja), KIVINEN (Tapani).- Perceptions of power transmission lines among local residents : a case study from Finland.- pp. 109-123.
- MEYERHOFF (Jürgen), OHL (Cornelia), HATJE (Volkmar).- Landscape externalities from onshore wind power.- pp. 124-135.
- HODGE (Ian).- The governance of rural landscapes : property, complexity and policy.- pp. 136-141.
- KAN (Iddo), HAIM (David), RAPAPORT ROM (Mickey), SHECHTER (Mordechai).- Environmental amenities and optimal agricultural land use : the case of Israel.- pp. 142-149.
- HUBER (Robert).- Valuation of agricultural land-use scenarios with choice experiments : a political market share approach.- pp. 150-162.
- SCHONHAT (Martin), SCHAUPPENLEHNER (Thomas), SCHMID (Erwin), MUHAR (Andreas).- Economic effects of structural elements in an Austrian landscape. The case of extensive orchard meadows.- pp. 163-173.
- ONOFRI (Laura), NUNES (Paulo ALD), CENOZ (Jasone), GORTER (Durk).- Economic valuation of language diversity in urban landscapes : lessons from two European case studies.- pp. 174-183.
- DVORAKOVA (Milena).- The economic research in rural areas : harmonization of communication of integration EU processes – terminological analysis.- pp. 184-197.
- DAMYANOVIC (Doris).- Capacity building in the municipality as a prerequisite for local governance. Implementation of quality criteria for sustainable landscape development in municipalities from a gender perspective.- pp. 188-196.
- ENENGEL (Barbara), PENKER (Marianne).- Benefits, efforts and risks of participants in landscape co-management. An analytical framework and two austrian cases studies.- pp; 197-222.

- DU BLAYO (Laurence), THENAIL (Claudine), VANTILBEURGH (Véronique).- The lane : the mediator for a multi-functional landscape.- pp. 223.
